

Azambek Sattarov

Student

Summary

Highly motivated and results-oriented Technology and Software Development student with a robust foundation in Python, machine learning (CNNs, transfer learning), and end-to-end project development. Possesses over eight years of cybersecurity experience, complemented by practical skills in robotics, CAD design, and data processing pipelines. Eager to leverage a unique blend of theoretical knowledge and hands-on experience in challenging student roles to contribute to innovative technological solutions and further develop expertise in software engineering.

Experience

Superprof
Private Programming Tutor Kuala Lumpur, Malaysia
2023-03 - Present

- Provided personalized programming instruction to diverse students.
- Developed custom coding curriculum and exercises.

Superprof
Private Robotics Tutor Kuala Lumpur, Malaysia
2023-06 - Present

- Delivered private robotics tutoring sessions.
- Created tailored robotics learning plans.
- Improved student grasp of robotics concepts.

Fiverr
Freelancing Full-stack Engineer Online
2024-07 - Present

- Developed full-stack web applications for diverse clients.
- Implemented responsive UIs and robust back-end solutions.
- Managed project lifecycles from conception to deployment.

Education

Asia Pacific University
Diploma in Information & Communication Technology with a specialism in Software Engineering Jalan Teknologi 5, Taman Teknologi Malaysia, 57000 Kuala Lumpur, Wilayah Persekutuan Kuala Lumpur
2025-11 –

Skills

- **Programming & Machine Learning** – Python, CNNs, transfer learning (MobileNetV2)
- **Data Processing & Evaluation** – preprocessing pipelines, performance analysis
- **Cybersecurity (8+ years)** – vulnerability analysis, security practices, system-level understanding
- **Robotics & CAD Design** – Fusion 360 prototyping
- **End-to-End Project Development** – building complete technical solutions
- **Self-Driven Learning & Adaptability** – quickly picking up new technologies and continuously improving skills
